

## ***Revised 2021 Programming Policies, Healthy Sailor Agreement, and Waiver***

### **Registration and Screening:**

- The 2021 “Healthy Sailor Agreement” has been developed to address Covid-19 safety protocols.
- Parents/guardians and staff must sign the “Healthy Sailor Agreement” in order to participate in ACSC programming. As part of the agreement, campers and staff must stay home if symptomatic or exposed to someone symptomatic and must participate in daily “Healthy Sailor Screenings” via forehead temperature scan and screening questions.
  - Pass/fail of the screening is tracked daily on the sign-in sheet.

### **Camp Groups:**

- Each Camp Group consists of up to 14 people, 12 campers and 2 staff members. There will be multiple groups on site with minimal interaction between them.
- Camp Groups have staggered pick-up/drop-off, launching/landing, and break times.
- Each Camp Group has a designated outdoor classroom space.
  - Campers have designated spots to sit at least 3 ft. apart in the classroom areas.
- Games, lessons, and activities are conducted within Camp Groups.

### **Daily Camp Operations:**

- “Curbside” drop off and pickups: Non-participants are not permitted in the ACSC site.
- Healthy Sailor Screening: Before entering the site campers and staff will be screened for fever, cough, soreness, chills, muscle pain, sore throat, diarrhea, stomach cramps or vomiting or new loss of taste or smell in the 48 hours prior to entering the program.
  - Campers and staff who are sick with other illnesses that meet the usual exclusion criteria should also stay home.
  - If a camper or staff member shows signs of respiratory illness (a cough, sore throat, or shortness of breath) or a fever of 100°F or above, they will be safely isolated with a staff member, and be sent home as soon as possible.
- Dressing rooms may be entered 1 person at a time.
- No sharing of food/drinks is permitted. Water bottles must be clearly labeled with the camper’s name.

### **Face Coverings:**

- All campers and staff are required to wear face-coverings on land.
- While sailing double-handed (with a partner) gaitors will be worn, as they can be easily removed when needed for safety/communication.
  - ACSC will provide gaitors for double-handed sailing if participants are unable to supply their own.

### **Site Cleaning:**

- Staff will clean all regularly touched surfaces daily according to current CDC guidelines.

## **Alameda Community Sailing Center Agreement to Follow COVID-19 Rules and Waiver**

The Bay Area is currently affected by the COVID-19 pandemic. COVID-19 is extremely contagious and is believed to be spread from person-to-person contact. Pursuant to the appropriate governmental authorities allowing Alameda Community Sailing Center (ACSC) to hold programs, ACSC is implementing measures to reduce the potential spread of COVID-19 among campers and employees. These procedures require that you agree that you and the participating children will be bound by ACSC specific rules and guidelines when attending a program.

By signing below, I agree and acknowledge:

1. **AUTHORITY TO BE BOUND.** I represent that I have the authority and capacity to contract on behalf of my participating children and hereby do so.
  
2. **AGREEMENT TO FOLLOW ACSC's RULES & GUIDELINES AND GOVERNMENT ORDERS.** I agree that I and the participating children will follow ACSC's rules and guidelines when participating in any program or using its facilities and equipment and when interacting with the employees. These rules may involve maintaining social distancing, wearing a face mask upon entering the facilities, daily temperature checks, screening questions and the like. I understand that ACSC's rules and guidelines regarding COVID-19 may change over the course of time and ACSC will post its rules on its website. I and the participating children will follow ACSC's then-current rules.
  
3. **ASSUMPTION OF RISK.** Notwithstanding ACSC's efforts to prevent the spread of COVID-19, I understand the risks and hazards of COVID-19 and that using ACSC's facilities and equipment may result in exposure to or infection by COVID-19, and I willingly choose to have the participating children take part in program activities at ACSC.
  
4. **AGREEMENT TO ABSTAIN.** I agree that neither I nor the participating children will be physically present at a program or use ACSC's facilities or equipment if any of the following has occurred:
  - (a) I or the participating children are sick with or I believe any of us has COVID-19 or any other infectious disease;
  - (b) Either I or the participating children have been exposed, in the 14 days before physically being present at a program to someone with COVID-19 or to someone who suspects they have COVID-19;
  - (c) I or the participating children have a fever 100°F or above.
  - (d) I or the participating children have experienced fever, cough, soreness, chills, repeated shaking with chills, muscle pain, sore throat, diarrhea, stomach cramps or vomiting or new loss of taste or smell in the 48 hours prior to being present at a program or otherwise using the facilities or equipment;
  - (e) I or the participating children have participated in travel which fall outside of the CDC travel guidelines: [CDPH Travel Advisory](#)

5. AGREEMENT TO INFORM. I agree to immediately notify ACSC Program Director if, within 14 days after being physically present at a program or having otherwise used the facilities or equipment, I or the participating children are diagnosed with or I believe I or the participating children have COVID-19 or any other infectious disease. In such case, I and the participating children will cooperate with ACSC and/or the authorities to identify all people at ACSC with whom I or the participating children may have come in physical contact and identify all areas at ACSC where I or the participating children were physically present.
